

John:

Attached is a proposed response to []
[] memo of 13 October requesting NPIC
support to the [] program. I drafted
the memo combining two earlier attempts - one
by []

At this point in the project, it is
difficult to predict with any degree of
certainty what the cost of supporting this
program will be. All the internal people who
need to know, however, have been alerted. For
instance we don't know exactly where we will
find 600 sq. ft. of space to conduct this
experiment, ~~is~~ indeed, this is as much space
